

**Planet Manhasset wants you to GO Green...
Celebrate Earth Day everyday...**

Save Money - Buy Reusable bottles, bags and snack wraps and cut down on money spent buying bottled water or juice boxes, brown paper bags, and plastic bags.

Be Greener – Reduce your carbon footprint by reusing these items for lunch, snacks, and sports. A little here and there really adds up! We recommend you buy a few per kid to allow time to run through the dishwasher, and to have a bottle ready to go for snack, lunch, or sports. It's only more convenient if you have enough on hand. You will recoup your initial outlay very quickly!

Get Healthy – Having a stainless steel bottle has many pros over using a plastic one. Have you heard of everything going BPA Free? Planet Manhasset bottles are BPA free, made by Klean Kanteen and are the safest 18/8 Food Grade Stainless Steel.
